## TACOMA TO STAY

Forty-Four Vehicles for U. S.

Camps in Honolulu.

RAPID TRANSIT AND CARTING

Tons of Freight Unloading—Taco-

ma Repairs—Arizona Men May

Go into Camp Here.

Thirty escort wagons and fourteen

ambulances with "U. S. A." on them

will be placed on the roads of Hawai-

nel this week. This morning the trans-

port Tacoma will discharge these and

also about 300 tons of feed for the

horses and mules, belonging to the

United States Government now on pas-

ture in Iwilei. A week on the turf has

made the mules quite frisky and it will

be some work for the teamsters to

catch them and harness them up. Al-

though the wagons and ambulances

are intended for four mules each, only

two will be used. Lieut. Cameron,

who has charge of the Tacoma's cargo

and live stock, thinks the roads around

Honolulu so good that two mules can

do the work all right. The escort

wagons will be used for carting all the

commissary stores to and from the

steamers, the depot and the various

camps about the island. Six thousand

soldiers will keep the ambulances busy

if the camps are scattered.

It would take about three weeks more

to complete repairs to the Tacoma's

boiler and condenser if work were con-

tinued. Orders were received yester-

day to stop the work, however, and

nothing further will be done until word

is received by the Scandia, due next

Thursday, as to the movements of the

Tacoma and its cargo.

Gen. Merriam stated yesterday after-

noon that his orders from Washington

were to hold everything at Honolulu

until he had heard from the Govern-

ment again. These instructions ap-

plied to the Tacoma and her cargo of

live stock as well as to the Arizona

and the troops. Whether the Tacoma

will go to Manila or return to San

Francisco no man this side of the coast

knows. It is not believed here, how-

ever, that she will ever reach the Phi-

lippines, inasmuch as the terms of peace

and the necessity for cavalry animals

there.

Arrangements are now making to put

the troops on the Arizona in camp at

Kapoli park in case movements are

delayed by coming orders from the

War Department. This will mean

merely an extension of the present

camp to accommodate the recruits.

The commissary department at this

post is now thoroughly established and

can easily stand the additional strain.

A few of the Arizona men stopped at

the camp last night.

Gen. Merriam is a true friend to a

cable for Honolulu. Unless all indica-

tions fail he will urge upon the Gov-

ernment at Washington the immediate,

pressing necessity for connecting the

islands with the Mainland. It will be

urged as a military necessity of great

moment, especially in view of the

movement of all expeditionary forces

to this city. There seems a probability

that the cable will follow the troops

quickly as a military precaution, even

if the line is sold after the Philippine

question is fully disposed of.

Yesterday the Arizona discharged a

large quantity of hay, intended for the

Tacoma's live stock at Manila. It will

be taken to the Iwilei pasture today.

Over a hundred tons of supplies for

Honolulu were also discharged. It is

this stuff that the Tacoma's wagons

will haul today and during the week.

IN THE OLD OPEN

SUGAR STOCK 'CHANGE.

The Recent Ruling Prices of

Favorite Stocks.

Yesterday was fairly active in stock

circles, but not so lively as the Mon-

days of the past four or five weeks.

Interest centered in the formation of the

new exchange rather than in transac-

tions, though a number of quite heavy

sales were made.

Honolulu, new issue of share for

share not yet made, is firm at \$400 and

considered a "good buy" at that fig-

ure.

Ewa, basis of \$2,000,000, is \$225, but

the dealing is light. The heavy holders

do not appear to pay much attention

to the market. They have the stock

as investment.

Oahu assessable, \$75 paid up, sold

for \$140, but closed at \$150 asked. The

Oahu paid-up sold at \$165, closed at

\$175 asked. This is now one of the

favorite stocks. Those who are sim-

ply speculating in it say they will hold

it till it commands \$200 on the paid-up

basis.

Honolulu is strong, with upward tend-

ency, at \$350. Honolulu will pay some

large dividends soon.

Pioneer Mill, a leader, is \$385.

Kahuku has been sold for \$150, with

\$150 asked. The owners in shares are

gladly and inclined to hold on.

Makaweli has made another advance

and is now quoted at \$170. This is a

remarkable stock. That is commands

confidence is shown from the fact that

it is but \$70 paid-up and a year ago

was selling for under \$100.

Telephone, par \$10, is \$14, with not

much offered.

Hawaiian Electric remains at \$200,

par \$100, with frequent sales and a

solid footing.

People's Ice is \$115 and \$120, with

little or no disposition on the part of

holders to sell.

A Hardware Transfer.

Castle & Cooke will likely sell their

hardware business to the Pacific Har-

ware Co. Negotiations, which have

been pending for some time, have prac-

tically reached a head and the deal may

be consummated this week. Mr. Dil-

lingham stated yesterday that the de-

tails had not been fully arranged but

probably soon would be.

On the afternoon of last Saturday, Aug.

27, some nineteen or more native Hawai-

ians met in the law office of Mr. S. K.

Ka-ne, on Fort street, in answer to a

notice appearing in this paper of that

morning.

About 2 p. m. the meeting was called

to order by Mr. J. L. Kaulukou, speaker

of the late Hawaiian House of Represen-

tatives. On motion of Mr. S. K. Ka-ne,

J. N. K. Keola, secretary of the late

House of Representatives, was unani-

mously chosen as secretary pro tem.

Then Chairman Kaulukou called upon

Mr. Ka-ne to state the object of the meet-

ing. Mr. Ka-ne said that it was called by

himself and several other Hawaiians to

ascertain from those who have respon-

ded to the call whether it is necessary for

Hawaiians to bring into existence some

kind of political association whereby

committees or delegations to meet the Hawaiian

Commissioners on matters relating to

the rights of the native Hawaiians as to

their political rights in the affairs of the

coming government of Hawaii. The

meeting, on motion of Mr. Frank Archer,

voted unanimously to have such political

association organized among Hawaiians.

Then Mr. Ka-ne moved that a committee

on permanent organization should be ap-

pointed. Carried. The chair appointed S.

K. Ka-ne, chairman; W. C. Achi, C. L.

Hopkins, J. K. Kahoakana and J. M. Po-

po as members, and they to report at

today's meeting.

On motion of Mr. S. K. Ka-ne, the chair

appointed a committee on finance, the fol-

lowing gentlemen: W. C. Achi, chairman;

S. K. Ka-ne and J. K. Kahoakana. Mr.

Achi gave notice that members present

were assessed \$1.00 per capita.

Meeting adjourned to resume work

again this afternoon at 1:30, at the same

place.

A fair harvest was gathered in by Chair-

man Achi of the finance committee. Some

fourteen mighty American dollars were

netted.

Those present were: J. L. Kaulukou, W.

C. Achi, S. K. Ka-ne, J. K. Kahoakana,

Enoch Johnson, S. M. Kaulukou, Charles L.

Hopkins, Mr. J. N. K. Keola, Mr. R. H.

Baker, J. K. Kahoakana, Mr. J. M. Po-

po and several others.

For U. S. Marshal.

There was considerable speculation

on the mission of Col. J. H. Soper

when that gentleman left for the coast

a few weeks ago. One report was that

he had carried away a million dollars

of the stock of the new Hawaiian plan-

tation for the coast market. This was

promptly denied. It is now understood

that the Colonel has his weather eye

on the United States Marshalship for

the new territory of Hawaii and is

looking after his fences on the other

side. It is believed that there will be

one other candidate for the place. The

friends of Marshal Arthur M. Brown

believe that he would fill the billet to

a nicety.

Interviewed Carnival Queen.

J. Martin Miller, the resident cor-

respondent of the Chicago Inter Ocean,

while at Hilo with the Commissioners,

secured an interview with Miss

Annie Rose, who is to be queen of the

great carnival at Topeka, Kas., the lat-

ter part of next month. Mr. Miller

secured material for an article that is

certain to attract wide attention. It

so happened that the correspondent

had personal acquaintance with some

of the prominent Americans identified

with the carnival and was thus able

to assure Miss Rose and her relatives

that the young lady would never have
